

TASK DETAIL	
Title	<b>CONNECTING THE WEBSITE TO THE STORE MANAGER</b>
Type	TEAM
Activity Stage	BUSINESS PROCESS
Department	<b>IT &amp; DESIGN</b>
Duration	RECURRING
LEARNING OBJECTIVE	OUTPUT
	Linked Website and The Store Manager

## INTRODUCTION

Store Manager is a feature available on the VCI Portal that allows you to connect the company website with the company bank account. With this feature, customers who make purchases on the website can directly complete payments through the Store Manager function.

No	ACTIVITY
1	<p><b>Studying the Store Manager</b></p> <p>The VP and department members study the Store Manager feature, the required information, and how to operate it. Follow the Store Manager usage guide on the portal and try using the Store Manager of another company within the network by purchasing one of their products.</p>
2	<p>Ensure the company website meets the requirements to connect with the Store Manager, including:</p> <ul style="list-style-type: none"> <li>• Descriptions for each product/service type.</li> <li>• Product prices.</li> <li>• "Buy" button.</li> </ul>
3	<p><b>Steps to Connect the Website to the Store Manager</b></p> <p><b>Step 1</b></p> <ul style="list-style-type: none"> <li>• Log in to the VCI Portal using the account credentials provided to each student.</li> <li>• Click on the Store Manager section to access the Store Manager page.</li> </ul>  <p>The screenshot shows the VCI Portal interface. At the top left is the Virtual Company Indonesia logo. The word 'PORTAL' is centered at the top. Below it are several icons for different services: PE Admin, PE bank account, Wholesale Marketplace, Store Manager (circled in red), PE Directory, and Trade Fair POS. A second row of icons includes Online Trading Events, International Trade Resources, PEN Marketplace, and PEN Worldwide Trade Fair and Event Calendar. At the bottom, there is a navigation bar with tabs for HOME, ORIENTATION, PLANNING, PROCESS, and EVENTS.</p>

## Step 2

- Click "Buy Button" then click "Add" to add the products/services from your company website.

4

The screenshot shows the 'Store Manager' interface. On the left, a sidebar menu has 'Buy buttons' circled in red. The main area displays a table of products with columns for Article name, Article number, Category, Price (IDR), VATIGST, and Deactivate. The 'Deactivate' column has a red circle around the 'Deactivate' link for the first row.

Article name	Article number	Category	Price (IDR)	VATIGST	Deactivate
Beef Miso Ramen	1	Noodle	58.000	11%	Deactivate
Body Warmer - Apple Scent	BW01	Body Warmer	12.000	11%	Deactivate

How to add this Buy button to your website

Add the Buy button for this article on your website by copy/pasting the HTML code below (option 1) or link your own widget to the Buy button (option 2). When customers shopping cart. Here they can proceed to the checkout page or continue shopping.

Are you using Wix? In the Wix Website Editor, add a button and link the button to the URL of the Buy button (see option 2). Do not embed the HTML code of the Buy button in Wix for technical reasons.

Option 1 - Copy the following HTML code for the Buy button just as you would copy a text and then in your website admin, paste it in the article detail page:

```
<a href="https://id.penworldwide.org/buybuttons/001115/00n/3fa2e346-810e-4613-8f50-e9be20b44b10/"><button>Buy</button></a>
```

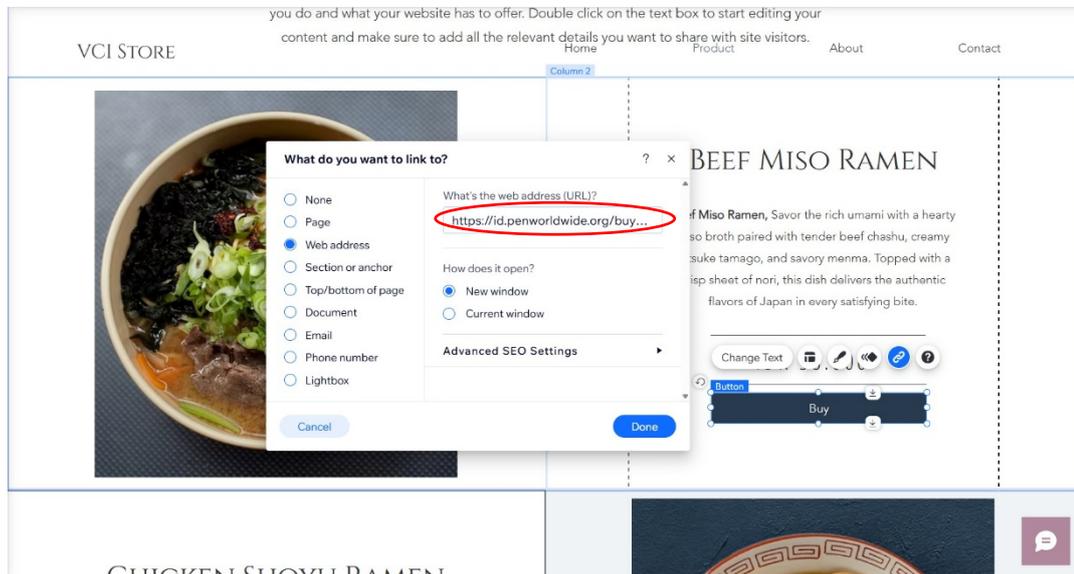

Option 2 - If you only need the link to the Buy button because you are using your own widget, e.g. button, then copy the following URL (Web Address):

<https://id.penworldwide.org/buybuttons/001115/00n/3fa2e346-810e-4613-8f50-e9be20b44b10/>

### Step 6

Log in to the website editor of your company website dashboard, and navigate to the product/service page you registered, and then insert the copied link into the “Buy” button on the website.

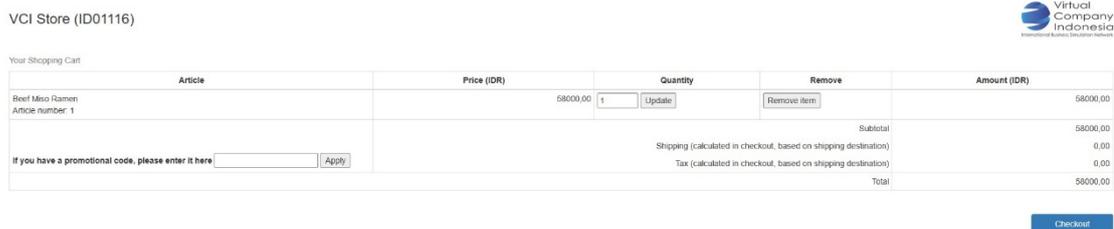

8

### Step 7

Access the company website and simulate a purchase. If everything works correctly, clicking the “Buy” button will redirect the page to the portal’s “checkout” section. Ensure all product data displayed is accurate. If there are errors, you can edit them directly through the Store Manager. Below is the correct display example when the “Buy” button is clicked.
